

Dorking Office

From the M25

Exit the M25 at junction 9 (Leatherhead) and follow the A24 towards Dorking for several miles. As you approach Dorking you pass Denbies Vineyard on your right; go straight across the Denbies roundabout.

At the first set of lights, turn right into Ashcombe Road (signposted Guildford A2003). At the mini-roundabout turn left onto Chalkpit Lane, which becomes Station Road.

Follow the road down the hill; Spring Court is the red-brick building on the right-hand-side, just before the T-junction.

From the A25 (Reigate) or A24 (Horsham)

At the Deepdene Roundabout (look for the cockerel!) follow signs for Dorking Town Centre and drive along the High Street. You then join the one-way system. Take the right hand lane, still following the A25 towards Guildford. This will take you around to the right and into Vincent Lane.

You will pass a large Wickes on your left and as you reach the bottom of the road you will arrive at a T-junction with traffic lights (the old FSD offices are on your left).

Turn right, then take the first left into Station Road. Spring Court is the red-brick building immediately on the left-hand-side.

From the A25 (Guildford)

As you come into Dorking, take the first left after the first set of traffic lights, into Station Road. Spring Court is the red-brick building immediately on the left-hand-side.
